MANITOU

A rectangular panel containing two red warning icons: a flame (engine overheat) and a battery symbol (low battery). To the right of the panel is a gear shift indicator diagram with positions 1, 2, 3, and 4.

MANITOU

A horizontal panel with five indicator lights and corresponding gear shift positions: P (Park), R (Reverse), N (Neutral), D (Drive), and L (Low). The lights are currently unlit.

A control panel on the right side of the dashboard featuring several circular buttons and a larger control knob. The buttons are arranged in a vertical column.
